TÜBİTAK 2244 – Industrial PhD Programme

Sabancı University-Kordsa

Throughout the program, the student will be guided by both an Academic Advisor from Sabancı University and an Industry Advisor from Kordsa.

Academic Advisors: Bekir Dizman, Hatice Sinem Şaş Çaycı, Mehmet Yıldız

Research Topics:
- Materials Science and Nano Engineering
- Manufacturing Engineering

Related SU PhD Programmes:
- Material Science and Nano Engineering
- Manufacturing Engineering

Special application requirements for SU-Kordsa project:

PhD Candidate shall have a graduate degree with a thesis related to subjects and/or possess a reasonable understanding of:
- Development of innovative epoxy based resin formulation for out of autoclave production in aerospace industry
- Development of innovative prepreg process technologies for out of autoclave mass production in the automotive industry.
- Modelling and optimization of prepreg Manufacturing processes.
